

DUFFY, Natalie

Hi, I'm Natalie Duffy, I believe community needs to be put back at the heart of Council and I am running to do just that. I am an active local who has contributed to our community since 2008 when my husband and I moved here to raise our two children. You might know me through Eltham North Primary School, Eltham North Jets Basketball Club, Nillumbik Reconciliation Group or Save Community Reserves group. I think it is really important to give back to the community where I live. Council's role is to serve our community, not to profit from it. As a passionate advocate I have helped generate almost \$1M in grants and fundraising for our community. I fought to save our community reserves from sale, and I've fought to keep community assets like Edendale Farm, Eltham Preschool and Eltham War Memorial Trust in community hands. I have worked hard to help rebuild the Eltham North Adventure Playground after a devastating fire. I have spoken out about Council's poor decision making and wasteful spending decisions. My priorities include sustainable economic development, protecting the Green Wedge and implementing practical solutions to make life more enjoyable for all of us. You can find out more from my Facebook page Natalie Duffy for Edendale Ward. Treating people with respect underpins who I am. Ensuring transparent and meaningful community consultation is what I will bring to Nillumbik Council, along with a background in business. We can achieve progress through prioritising local jobs, making sure our local landscape is protected and keeping our parks rubbish-free. I encourage you to vote 1 Natalie Duffy, and then preference John Dumaresq. To support community candidates, I encourage you to fill out your ballot accordingly from top, down: 5, 9, 6, 8, 2, 1, 10, 4, 3, 7.
