

DUMARESQ, John

It has been an honour to represent our community on Nillumbik Council for the past four years as your independent and local voice. With my experience as a councillor, my many years of involvement in the local area and a long career in sports and facilities management, I believe I am the best person to continue to represent you and the diverse needs of our community. I live here in Edendale Ward with my partner Tracey and our daughter. We value and support our thriving schools, local sporting clubs, vibrant arts culture, volunteers and community groups. If elected, I will continue to protect our natural environment and will work hard to ensure any future developments respect our special neighbourhood character, Nillumbik's unique environment, heritage and traditions and reflects the discerning expectations of our community. As your voice on Council, I have consistently voted to support the protection of the Green Wedge and will continue to do so. Prudent financial management is necessary to steer our community through the effects of the pandemic. I will continue to ensure we support residents and local businesses, and keep rates low. Council must live within its means. In the last four years I have helped deliver projects across our community including the new Eltham North Adventure Playground, Eltham North and Eltham Central Pavilions and the Diamond Creek Regional Playground. There are a number of projects that I want to see through to completion including the much-needed upgrade to the Diamond Valley Sports and Fitness Centre, the long-awaited extension of the Diamond Creek Trail to Hurstbridge, and the vision for the Aqueduct Trail. Vote 1 John Dumaresq and 2 Natalie Duffy and number your ballot, top to bottom: 3, 9, 4, 8, 1, 2, 10, 5, 6, 7.
